

WNS Partners with Brightview Senior Living for Digital Procurement Transformation

Thursday, June 6, 2024

NEW YORK & LONDON & MUMBAI, India--(BUSINESS WIRE)--Jun. 6, 2024-- WNS (Holdings) Limited (NYSE: WNS), a leading provider of global digital-led Business Process Management (BPM) solutions, today announced its partnership with Brightview Senior Living. WNS has been selected as the preferred design, implementation and integration partner for Brightview's comprehensive digital procurement transformation project.

This new engagement will fully automate the end-to-end purchasing process, streamlining operations and enabling the allocation of key resources to higher value-added activities. The collaboration is designed to enhance visibility into Brightview's expenditures and budget management, increase the accuracy of invoice matching with purchase orders, and minimize reconciliation efforts.

"Brightview's selection of WNS Procurement for this transformative project will help drive tangible enhancements including both operational efficiency and procurement effectiveness. WNS Procurement will implement Ivalua's leading spend management platform, focusing on delivering sustainable, digitally-led business improvements and bottom-line results for Brightview," said Keshav R. Muruges, Group CEO, WNS.

"We knew from the very beginning that WNS was the right partner for us. They took the time and dedication to fully understand our business and senior living and its various nuances. We are delighted to partner with WNS on this transformation journey," said Tesh Patel, Director of Business Operations, Brightview Senior Living.

[WNS Procurement](#) is a market leader in procurement and supply chain advisory, managed services and digital transformation. It has the combined market differentiation of Denali, The Smart Cube and OptiBuy. Procurement teams of the Global 2000 across industries partner with WNS Procurement to become the top value creator in their business by implementing transformational operating models that are category-driven, insights-led and digitally enabled. We meet our clients where they are: assess, co-create and operate their end-to-end procurement ecosystem by implementing fully customized, next-generation operating models. Our solutions are powered by Artificial Intelligence (AI) and Human Intelligence (HI) – combining expert resources with leading digital technologies to help Procurement drive greater stakeholder value.
