

WNS Announces Details of Partnership with Church's Chicken

November 30, 2006

MUMBAI, India & NEW YORK--(BUSINESS WIRE)--Nov. 30, 2006--WNS (Holdings) Limited (NYSE: WNS), the parent company of WNS Global Services, a leading offshore business process outsourcing (BPO) provider, today announced details of a worldwide partnership with Church's Chicken(TM).

The partnership will focus on finance and accounting (F&A) processes for restaurants owned by Church's throughout its worldwide network, which includes locations in 16 countries and Puerto Rico. Church's and WNS believe their relationship signifies the first time a U.S. restaurant company has outsourced 100 percent of its F&A processes overseas.

WNS will handle functions such as accounts receivables, accounts payables, bank account reconciliation and general ledger maintenance. As part of the agreement, WNS also will maintain the Enterprise Resource Planning (ERP) platform that provides both technology and processing services for the finance and accounting functions that are being outsourced.

Through this partnership, Church's says it expects to achieve significant efficiency gains, which fit within the brand's core value proposition. Moreover, Church's says this agreement will provide it with the resources and capital it needs to add an additional 15 restaurants over the course of the five-year contract with WNS.

"This partnership with Church's is an excellent addition to our growing list of retail clients," said Eric Selvadurai, chief executive officer of WNS' Enterprise Services, the business unit that includes F&A processes. "We continue to build our expertise across functional capabilities and vertical industries. A client of Church's stature further validates WNS' strategy and reinforces our belief that our approach is on the right track for WNS and our clients."

Harsha V. Agadi, president and chief executive officer of Church's, said the company "is confident this partnership will provide new resources and allow us to better manage our business more effectively and efficiently. WNS has a unique blend of F&A and retail experience that clearly differentiates it from other BPO providers, and that is why we chose WNS."

Enterprise Services is one of WNS' two functional business units, which cut across its industry specializations in travel, banking, financial services and insurance. In addition to F&A processes such as accounts payable and receivable, cash management and consolidation, Enterprise Services also provides processes related to human resources and supply chain management. Clients include Tesco, the UK's largest supermarket and the fourth-largest retailer in the world; Centrica, a leading UK utility; a Fortune 500 provider of transportation, logistics and supply chain management solutions, and a New York Stock Exchange-listed provider of transportation, e-commerce and information services.

WNS will begin processing transactions on behalf of Church's beginning January 1, 2007.

About WNS:

WNS is a leading provider of offshore business process outsourcing, or BPO, services. We provide comprehensive data, voice and analytical services that are underpinned by our expertise in our target industry sectors. We transfer the execution of the business processes of our clients, which are typically companies located in Europe and North America, to our delivery centers located primarily in India. We provide high quality execution of client processes, monitor these processes against multiple performance metrics, and seek to improve them on an ongoing basis.

WNS ADSs are listed on the New York Stock Exchange. For more information, please visit our website at www.wnsgs.com

About Church's Chicken(TM):

Founded in San Antonio, Texas in 1952, Church's Chicken(TM) is a highly recognized brand name in the QSR sector, and is one of the largest quick service chicken concepts in the world. Church's Chicken(TM) serves traditional Southern and Spicy Fried Chicken with a focus on offering complete meals with large portions at low prices and is positioned as the Value Leader in the Chicken QSR category. As of February 2006, the Church's system had 1,546 locations worldwide in 16 countries, plus Puerto Rico, with system sales over \$1 billion.
