

WNS Assistance Partners With Automobile Association to Provide Accident Management Support

April 6, 2009

LONDON, Apr 06, 2009 (MARKET WIRE via COMTEX) -- WNS (Holdings) Limited (NYSE: WNS), a leading provider of global business process outsourcing (BPO) services, today announced that WNS Assistance ("WNSA"), a WNS group company specializing in insurance claims management, has entered into a contract with UK-based Automobile Association ("AA") Accident Management.

Under the terms of the relationship, the AA will use WNSA's custom-built claims software, repair management and engineering, channeling accident repairs for its car, van and truck fleet customers through WNS's 300+ contracted network repairers.

The terms of the agreement ensure that the AA will continue to deal directly with all of its fleet customers while benefiting from WNSA's workflow software, repair management expertise and buying power.

"This agreement enables AA accident management customers to not only tap into industry-leading motor claims software and supply chain technology, but also a significantly expanded national network of leading body shops, while at the same time benefiting from the expertise of the AA," explained David Bartlett, head of accident management at AA Business Services. "Our customers will continue to enjoy the close personal relationships and experiences currently enjoyed through our Cheadle operation that we have always offered under the AA brand."

"WNSA is delighted to be associated with AA Accident Management, a recognised brand in this market," said Tim Rankin, WNS Assistance Managing Director. "We are pleased to offer AA's customers access to our leading edge technology, expertise and network of vehicle repairers in what we believe is a unique industry deal."
